**CANDLING EGGS AND BEE INSPECTOR**

A new "pure food" law of Kentucky requires dealers in eggs to be supplied with an outfit for determining their age and purity by "candling" them and provides a penalty for selling eggs which have not been tested in this manner. This was intended, it was said, to prevent dealers from accumulating large quantities of eggs in unwholesome surroundings.

Another law for the protection of food was the Moore Act, providing for a bee inspector in counties where there are a large number of bee hives and large honey production. The object of the inspector is to prevent the spread of contagious disease among bees.

## CRUDE OIL RUNS IN KENTUCKY FIELDS SHOW NICE GAIN

Both Johnson and Magoffin County Pools Continue to Increase Output.

The Union Gas & Oil Company one of the largest operating companies in the Big Sandy district, has another good pumper in the Martha field of Lawrence county. This is No. 12 J. J. Gambill, which is conservatively estimated at between 10 and 15 barrels.

Crude oil runs from the Eastern and Southern Kentucky fields, as reported by the Cumberland Pipe Line Company, for the week ending May 6, totaled \$2,010.56 barrels, as compared with 78,329.11 barrels for the previous week, an increase of nearly 4,000 barrels. Both the Johnson and Magoffin county pools continue to increase their output, indicating that developments are being successfully pushed in those sections.

### "Junior Week" at Kentucky University

The week of June 19th to 24th has been set apart and designated as "Junior Week" for the club boys and girls of the State. During which time the full force of the University will be directed in the interests of those attending and no effort will be spared to make it the most inspiring, uplifting and educational week the boys and girls of the state ever experienced. It will be well worth the time and effort of those attending. Already Lawrence county will be represented by five fine enthusiastic club members and places have been reserved. It might be possible for another one to go from this county and if you want the greatest trip of your life send me your name at once and I will try to make reservation, although our allotted number has been taken up.

### County Club Encampment

The date for the Junior Club camp for Lawrence county has been set for August 21st to 25th. The place will be announced later. All Club members who have received their record books and project instructions will be eligible to attend the camp if they do their club work, so start your project right away and have it going, keeping of course, in your record book a record of all you do.

### Watch Lawrence County.

Lawrence county farmers have awakened: the mongrel hen must go. It is not possible at this writing to announce the final result of the standardization campaign, but it is safe to say that the number of R. I. Red eggs sold for hatching in the county this year will exceed 5000. At this rate we will soon standardize, then it is only a step to organization after which we will soon become to be known as the home of good poultry and the place to buy good utility bred R. I. Red eggs and stock. Already I have received inquiries for stock. Let's keep the good work going; follow up this fall with a thorough culling, and now is the time to get your name in for a culling demonstration.

G. C. BAKER, County Agent.

### Billy Sunday Holds Gum While Jane Mayer Sings for Big Throng

The following is from a Richmond (Ind.) newspaper:

Of the many interesting episodes that have taken place at the Billy Sunday tabernacle, nothing has ever attracted so much attention or proved so delightful to the vast throngs than an incident that occurred Sunday night.

Jane Mayer, the sweet little five-year old daughter of Mrs. Agnes C. Mayer, of Charleston, W. Va., was asked to sing the chorus of "Brighten the Corner Where You Are."

The child was lifted on a chair and Mr. Sunday and Mr. Rhodheaver stood on each side of her.

As Mr. Rhodheaver asked the little miss if she was ready, in the most unconcerned way imaginable she took a wad of chewing gum out of her mouth and innocently handed it to Mr. Sunday to hold for her.

As the audience shook with laughter "Rody" commented "Just as natural as the hills of West Virginia."

Jane got an encore and as she ended the second chorus looked up at Mr. Sunday, received her gum and placed it back in her mouth just as natural as if she was doing it in her own home with only her mamma for audience.

Your satisfaction with a car depends upon your satisfaction with its performance, appearance, economy, comfort and price.

These are the vital points. And you must get satisfaction in each one if you are to be satisfied with your car as a whole.

Consider the LIGHT-SIX from this angle.

It is essentially the same car as it was when introduced. It was right before it was offered. And it has made good in the service of thousands and thousands of owners. It is dependable. Its L-head motor is powerful, flexible and free from vibration than any car at anywhere near its price.

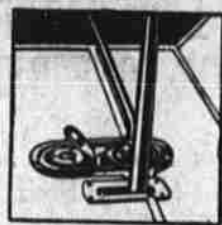

Its graceful lines are enhanced by a lasting finish. Cowl parking lights and the cowl ventilator not only add to its good looks but are necessary for complete satisfaction.

The LIGHT-SIX stands up in service with a minimum of repair expense. This, with low fuel consumption, means satisfactory economy.

We never heard of a LIGHT-SIX that was not comfortable to ride in.

And the price, \$1045 f. o. b. factory, is out of proportion to its value. This price includes the thief-proof transmission lock which reduces the rate of theft insurance to the owner 15 to 20 per cent; large plate glass window in one-piece rear curtain, inside and outside door handles and other refinements.

And you get the priceless ingredient—prestige and high standing of the maker—who for 70 years has been building quality vehicles and selling them at fair prices.

Touring, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1275; Sedan, \$1750. All prices f. o. b. factory.

### Catlettsburg Man Is Motion Picture Magnate

News dispatches from Washington mentioned among the magnates attending the convention of the motion picture theatre owners of America, James D. Williams brother of Mrs. Hugh Chatfield and well known to everybody in Catlettsburg and Boyd county.

Mr. Williams, who is 44 years old, was born on Virginia Point, across the Big Sandy river from Catlettsburg, and later lived for several years at South Point, just across from the Gate City in Ohio. He has risen to such great heights in the motion picture world that he now is president and manager of the Associated First National Pictures, Inc.

His rise from humble beginnings to a millionaire read just like a real story. But it actually is real. Leaving Catlettsburg, young Williams went to Parkersburg, W. Va., where he first became connected with the theatrical business. He later went to Canada and bought a theatre and then set out for Australia. Returning to America he dived into the business in full fashion by organizing the Associated First National Pictures.

Besides Mrs. Chatfield, Williams has a sister at South Point a brother and sister in San Francisco and a brother in Florida.

His many friends here were delighted to hear that he is planning a visit to Catlettsburg and South Point this summer to see his relatives.—Catlettsburg Item, Ashland Independent.

### Three Tots From Kentucky Border Plead for Food

New York, May 15.—Three little mountaineers, the children of striking West Virginia coal miners, are appealing to New Yorkers for aid for 50,000 destitute.

They registered at a Broadway hotel as Ossie Leet, 13, Gladys Leisinger, 7, and Lowell Phillips, 11. They hailed from Thayer, Oak Hill and Wickham, W. Va., respectively.

Bacon, cornmeal and flour is what they want, they announced—enough for 50,000 homeless and destitute men, women and children of the New River coal fields—thirty-five thousand dollars worth in terms of cash.

They intend, they say, to carry their appeal directly to the leaders and the pocketbooks of New York's "Four hundred" by way of the lecture platform. With them as business agent and chaplain is Laurence (Peggy) Dwyer, known throughout the mining camps of West Virginia as "Two-Gun Dwyer." He is defendant in the treason and murder trials now on at Charleston as a result of the strikers' "March on Logan and Mingo" last year.

The campaign opened at the Ascension Church Forum, when the three youngsters related their experience since the mine owners inaugurated what they call the "Yellow dog" system in the New River district.

### Pond Creek Road Under Contract

As a result of the campaign put on by the Chamber of Commerce, the contract was given yesterday to S. T. Wailer, to improve the Pond Creek Road from the Bridge to the Road Fork.

At a meeting held last Thursday night Mr. Ernst, Superintendent of the Pond Creek Coal Company, representing coal interests on the creek, agreed to repair and put in good condition the road from McVeigh to Road Fork, providing the citizens of Williamson would repair the road from Road Fork to the bridge. The Chamber of Commerce accepted the proposition and a committee consisting of C. E. Hodges was named to solicit funds; a committee consisting of J. Rosenheim, Secretary of Chamber of Commerce, W. A. Wilson, Marvin Williamson, Magistrate of Pond Creek district, and Ester Hopkins was named to inspect the road and take charge of the work. The Finance Committee raised approximately \$2,200.00; Pond district gives \$1,000.00 and the citizens along the road will give the use of teams for a certain number of days.

A steam shovel will start on the road Saturday and by June 1st, the road should be completed. It is hoped to raise enough additional funds to place a cinder surface on this road. While the road work is being done, Tom Goff is securing funds to place a bridge across Pond Creek at the Road Fork.—Williamson News.

### TRAVELING MAN HELD UP BY NEGRO AND WHITE MAN

Vaughn McDavid, traveling salesman of Hitchens, was held up on the public road over on Lost creek several days ago by a negro and a white man—the latter dressed in the uniform of a soldier. The negro requested that McDavid hand over to them as much as twenty dollars, which of course was refused. The negro fired and the bullet grazed Mr. McDavid's shoulder. The two highwaymen fled when McDavid called for help.

### David drew his revolver and fired at them. The negro fell, but whether he stumbled or was shot is not known, for he kept on going. The next day McDavid was traveling the same road, when he was accosted by the white man of the day before, who said, "You shot my partner, now I'll get you," and fired at him, the ball passing through his coat at the hip. Again McDavid fired and the fellow beat it for tall timber. A strange experience, to say the least. Officers went to the scene of the attack but could gain no clue as to who the road agents were.—Grayson Journal.

### HARRY LATTIMER, NEGRO, BEING TRIED IN WAYNE

Harry Lattimer, the negro who was sentenced to death for assault on a little girl by the circuit court of Mingo county last winter, and whose case was reversed by the Supreme Court and sent back for retrial, was sent to trial in the Wayne circuit court Tuesday.

Prosecuting Attorney S. D. Stokes and his assistant, E. S. Hansbarger, Tom West, attorney for the defendant and a lot of witnesses on both sides, left Williamson for Wayne to take part in the trial.—Williamson News.
